

Grants and awards

Funding excellence - football, cricket and university

Each year Devon & Cornwall Housing Trust awards up to 10,000 to PHA & DCHA local groups and residents where financial assistance will help meet their aspirations and objectives.

There is always a range of applications and the latest sums approved by the community investment committee are no exception. This time applicants asked for help to:

- go on a youth cricket tour to South Africa
- pay for fees and clothing to join a local football team
- meet the costs of extra training to become a goalkeeper
- meet the costs of coaching courses for both boys and girls football teams
- cover the costs of going to university
- buy a laptop to help with education

The committee approved applications totalling nearly 2,000.
